Detailed Review of Euro game, has the same elements as a typical 2D platformer, the player take control of the main character, a male named Emile or a female, named Ingrid.The game is based on the story of Little princess, who lost her father, and the prince is in a castle which has huge, unexpected hole.Then the protagonist visits the area, with the aim of helping Princess to get her father's weapon to rescue her. The enemies are attracted to the noise and light and try to eat the player. Two kinds of enemy is there, some enemy trying to kill you and others not. You get chances to collect food to strengthen your attack. The player not only need to jump from the platforms, but also use different gadgets to clear all kinds of the enemies.Progress through the game is linked to your skills in collecting fruits and herbs. You can find food near an arrow-shaped symbol and herb near a symbol resembling the symbol of a cross. The player is required to use the one-handed arrow to collect the food. You can use the food to clear all the enemies by upgrading your attack power.This game features beautiful graphics, fantastic music, and dynamic enemies.Gameplay can be used to collect items that are required to get the weapons and food for you to clear the enemies. This game is an offline 3D platform game. You can download the free trial version first, and then purchase the game. Good luck in the game!SunSquare Games IntroductionDue to its unique scrolling and aspect ratio gameplay, Sword Saga is unlike any other game in the genre.It's also unlike any other game in the App Store. Jumping, touching, and sliding make Sword Saga a one of a kind game. Played on an iPad, you'll literally be hanging out with your sword! Features easy touchscreen controls, tons of weapons and characters, fun solo play, and social features to play with friends! Best of all, it's free! Release Date: September 10th, 2018 Price: Free Category: Arcade Developer: Samurai Sword Software Publisher: Samurai Sword Software Download and Install Sword SagaThe game begins with a prologue where you get a description about how great the gameplay will be. You are introduced to a basic idea of the gameplay, and this is not done by boring text, but this is done by a very witty and interesting way by saying that in Sword Saga, you will have a sword named "Sword" and you can fight enemies in a first person perspective. You
