Changeling Tale is a 2D fantasy adventure game. Delve into the world of the Iron Age with 10 playable characters. Take part in an epic quest to protect the world from destruction. Uncover the mysteries surrounding The Dragon Stone, the most powerful artifact in the world. Ride across vast landscapes and encounter beautiful and terrifying creatures. The characters in Changeling Tale are not your typical fantasy characters. They are: A young archer (2nd), A young priestess (2nd), A thief (2nd), A sneaky assassin (2nd), A

warlord (2nd), An old warrior (2nd), A young noble (2nd), A young student (2nd), An adventurer (1st), An older warrior (3rd) The main story spans 3 years and you get to discover the history of your different characters at different points in time. Changeling Tale is a game with an immersive atmosphere. Explore the world and uncover the mysteries that are hidden behind it. Discover the unique interactive world of Changeling Tale. The game is in development on Steam and currently in Early Access. Features: Voice Acting - Over 120 speaking parts (men, women and animals) A Progression Game - There is no XP, leveling up is purely based on new abilities and loot. A Developer Created World - An interactive world: There are no quest objectives or quest decisions. This makes the story and gameplay deep. Action and RPG Gameplay - Guide your characters through the game and interact with your environment. Investigate locations, look for loot, and fight monsters. Diversity - There are 10 playable characters, male and female characters, young and old, the archer, thief, priestess, assassin, warlord, prince, nobleman, student and warrior. Game Features: Changeling Tale features a full complement of over 30 unique characters, from the young archer to the warrior. Each character has their own view on the world, and has their own personality and voice. The full complement of characters, from people to animals, make each character their own distinct experience. Each character is designed for a specific role in the game, which means each character is unique, and has a unique mechanic or ability. The full complement of character roles means that a lot of variety in role-playing adventure. Each character has a different manner of interacting with the environment, with a different set
