Exposed Preliminary Findings Reveal a Large Variety of
Devices Android hacks have a good track record of finding
all sorts of information about Android devices. The latest
Android hacks are out of the Google Play store and have
found a large number of HTC Android devices. HTC is a
Taiwanese manufacturer and is notorious for its use of
Sense on Android devices. Many users find that they are
either too easy to break, or break in too many ways to
make much sense of. We recently reviewed HTC's Droid
DNA and found it to be a decent phone when it came to
using Sense and its applications. The only way to truly get a
feel for how Sense works on a given HTC Android device is
to look at the device -
