An Empire awaits... For hundreds of years, the Ritual of Silencing once used by the Dark Traditions of the Great Fang Horde has made it possible for the Order to devote itself to a sweeping campaign of social reform across the thousands of star systems throughout the galaxy. Pushing the practices of the Dark Traditions to the limits of decency and propriety, the Order has spread throughout the galaxy, raising the standard of living for all citizens of the Imperium and delivering justice to even the most heinous criminals. The only problem is that order and enlightenment are not the only thing on the agenda of the Imperium. But it is time for an end... The Supreme Prophet of the Dark Tradition has been kidnapped by the secretive and morally bankrupt criminal organization known as the Black Market. A conspiracy that ties both the Dark Traditions and the criminal underworld to the Order is determined to

---

bring an end to the reforms, the long walk of the Dark Traditions, and the Order itself. The Prophecy of the Apprentice Claiming that the Dark Traditions were corrupt and could not be tolerated, as well as declaring the Order itself to be corrupt, the Black Market has assassinated the Supreme Prophet of the Dark Traditions and replaced him with a human named Ami. Ami believes the fate of the Dark Traditions lies in the hands of a powerful apprentice, just as was said of the Prophet. The apprentice is the key to the fate of civilization and peace is in dire need of his guidance. To prevent the Dark Traditions from becoming a dark force once again, the Order's existence must be destroyed and Ami's apprentice must be extracted from the Order's entanglement with the Galactic Federation and the Star Empire. As the Order's attempt to find the apprentice and prevent the Dark Traditions from reuniting again, they find themselves

threatened by an insidious enemy who has stolen Ami's key to the Dark Traditions' salvation and plans to use it to bring an end to the Order and the Darkness of the Dark Traditions forever. Only one could be the apprentice... Buy the Scarcity of Goods DLC to unlock the Secrets of the Apprentice. This DLC unlocks the backstory of the apprentice, such as where he was before his disappearance, and background information about his training.
