It's time to see what the Tarnished Lands has to offer. Every single week, I make sure to go over on my YouTube channel to bring you exclusive news regarding the worlds of video games, anime, and Japanese culture. Let's start off with some exciting news! Sonya is one of the characters in Tarnished 2's prologue chapter, and she is one of the ones who has acquired the power of the Silver Armor. If you want to find out more about her character story and the Silver Armor in the prologue chapter, you can read my interview with her. Also, the new trailer of Tarnished 2, which was posted on my channel, has arrived! It introduces you to the prologue chapter, Nilusia. Is this good news for you? I hope so! To be honest, the Tarnished series is a difficult series to promote, but we are hoping to present the prologue chapter which is what we have been planning for a long time. Let's continue with the topic of today's video! The new trailer of Tarnished 2 has been released, and I have decided to answer your questions regarding it in the video. Now that the prologue chapter, Nilusia, is already confirmed, there are many things I want to ask. So, please do ask me anything you would like to know about the prologue chapter and the game! As the title of my video suggests, I will answer your questions regarding the game. Personally, I think the new trailer of the prologue chapter, Nilusia, is simple and does not introduce too much detail. Now, let's start with the prologue chapter, Nilusia. Q: Who is the one who has the power of the Silver Armor, Nilusia? A: That character will become the protagonist of the prologue chapter, Nilusia. The Silver Armor is a rare artifact that takes the power of the sword and refines it, such that the user's body becomes the weapon. Q: What is the prologue chapter? A: The prologue is the first chapter of the game, which you can also call a trailer. As I said previously, the prologue chapter, Nilusia, is a prologue. Q: What is the prologue chapter? A: bff6bb2d33
