**Courtesy of The Tuckersby Aaron Kirby We are grateful to write on behalf of Oakley-Dinston Playground in Washington DC. The staff has been working to restore and resurface play equipment from a major summer construction project that enabled the playground to reopen to the public in June. The newly established outdoor play area welcomes children of all ages and abilities in a safe and inviting environment where mutual enjoyment and respect is evident. This playground provides a wide range of play features (infill) such as climbing structures, balance beams, slides, and other fun, safe equipment (softball/baseball diamonds for 2 groups of four each). It is the first of its kind in the District and is an excellent example of DC fostering and promoting inclusive and safe play environments for children of all abilities. Major construction**

Parks and recreation is committed to providing more and safer public space for all residents in DC. Inspired play is in the heart of what makes us human. Children play because they want to explore, have fun, and express themselves.
