DownloadQ: Yii Framework - innerjoin with condition i have this structure of my data: Post (id, title, category) Category (id, category) and i want to get all the posts in which the categories are "sports" or "play". i tried this : `$criteria = new CDbCriteria(); $criteria->select = array('id'); $criteria->condition = array('category.category LIKE "sport"'); $posts = Post::model()->findAll($criteria);` and this : `$criteria = new CDbCriteria(); $criteria->select = array('id'); $criteria->condition = array('t.category.name LIKE "sport"', 'c.id = t.category_id'); $posts = Post::model()->findAll($criteria);` but it does not work. What's the proper way to achieve this? A: This is how you can accomplish what you want using a JOIN clause and HAVING clause: `$criteria = new CDbCriteria(); $criteria->select = array('id'); $criteria->from = array('Category' => array('id' => 'Category.id'), 't' => array('id' => 't.id'),); $criteria->join =`

'The Wolf Of Wall Street' Review Rotten Tomatoes' #1 Movie Of The Year 2013 is a philosophical scandal and an overture of what is to come. "The Wolf of Wall Street" is one of those rare films that can be enjoyed on a number of levels. As a rock n' roll movie, it has the same retro appeal and visual appeal as "Back To The Future." As a satire of American capitalism and modern day values, it's got the same snappy dialogue and sharp social satire of "Annie Hall." It's a look at the American Dream that's closer to the Hollywood escapism of "Mad Max" than a down-and-dirty look at one billionaire who turned his life into one long personal porn video. From the beginning, "The Wolf Of Wall Street" is a movie for fans. It follows in the tradition of "Animal House," "Less Than Zero," "Nashville," and "The Big Lebowski" and takes a look at the lives of the rich and famous who want nothing more than a little adventure and a taste of risk-taking. Director Martin Scorsese made it clear in his acceptance speech for his DGA award that, after years in the shadows, he wanted to show Americans what he's capable of in front of the camera. To that end, "The Wolf Of Wall Street" does not feature a word of dialogue spoken by Leonardo DiCaprio's Jordan Belfort. Even in sequences that call for his delivery, he's silent. The only exception to this rule are the interviews he conducts for the bookish younger men he meets during his bizarre and occasionally illegal adventures in Wall Street. Scorsese adapted the book by Charles Randolph
