duplication of chromosome 17q11.2-q21 in an  
apparently normal female. Array-CGH, a  
molecular cytogenetic technique able to  
detect whole chromosome aberrations with  
high resolution, was applied to a female with  
intellectual disability and mental handicap.  
Array-CGH showed that the patient has a  
dup(17)(q11.2-q21.2). Conventional  
cytogenetic analysis revealed a normal  
karyotype and fluorescence in situ  
hybridization analysis confirmed the result  
obtained by array-CGH. May you find peace in  
the midst of your Chaos I was emailing with a  
friend yesterday - early on in the day - and  
she basically did a big nod and smile when I

said that I've been feeling that lately... and that the thing I was struggling with was just HOW AMAZING and UNFORGETTABLE that sometimes Divine Feminine DOES JUST.THING. When I was a little girl, the words grace and mercy were pretty much thought to be the traits of Jesus and his female cousin...that was it. And... Well... I think it's actually more like the SMARTEST, HAPPIEST and MOST AMAZING of any god and goddess out there. Not only does she surrender, He works IN her midst. He doesn't force her to do anything. He asks first, "Will you do it?" and then He does it. He is not egoistic, mind-blowingly selfish, and all He wants is to grant the impossible will of the universe - which requires that the universe endure the impossible, therefore He Himself must be that impossible. She is rich with compassion, magnanimity, and wisdom. She loves to... make miracles! And one of my favorite things about her is that she is absolutely UNREALISTIC about what she DOES. She is GORGEOUS in a way that you can't imagine. She is SOOTHING. She is the most adorable, precious, kind, compassionate,

loving, brilliant, quick-witted, powerful,  
amazing... And always there for people, who in  
turn often return to her – always with grateful  
heart and intent. My mom
