Written by leading clinician, author and lecturer Dr. Henry E. Dietz in his trademark lucid and jargon-free style, it takes an easy-to-follow approach to help the reader understand the basic concepts of veterinary anatomy. Dr. Dietz offers clear explanations with copious illustrations of anatomy in all major body systems. Accessible, comprehensive and user-friendly, this is a mainstay for any student or veterinarian, and is especially

Latest news In an extremely competitive market, Sprout's acquisition of the Koko Corp products catalogue, including the Shoppersville consumer goods brand, has given the company a range of great Australian ... Following a strong start to the year, Koko's success in attracting some of Australia's fastest growing consumer brands, with new categories, to its consumer goods portfolio, set a springboard for 2018. Koko Corp Limited is proud to announce that it has today entered into a long-term supply agreement with a Chinese natural cosmetics company for its core business. Koko has today announced the acquisition of the Koko Corp consumer goods portfolio in Australia and New Zealand ("Koko") from Kinetic Group of Companies Pty Ltd. Q: loading animation not working on Firefox but working in Safari I am having problems loading a JQuery plugin animation. It works perfectly in both safari and chrome but not in firefox. This is the plugin I have also tried the following code: `$("#splitter").load("mypage.html"), function() { // Handler for.ready() called. $('#splitter img').animate({ height: '422px'`
