• INTRODUCTION "How is Tarnished (a.k.a. THE RING) a new RPG (role-playing game) in this age?" "This game is a new RPG. My character alone was already the amount of words and sentences I used in this year's review. (It's usually around 800,000 words.) I'm not simply writing reviews about games but using my own words. This is very overwhelming and requires me to use high-quality image material to convey my thoughts. However, there are games that required me to use many words and sentences. So, I think this is a very worthy game (and) an extremely fun game." • ABOUT THE GAME "There's a large-scale new world, the Lands Between. A new continent created by a cataclysm, it includes a variety of countries, cities, and dungeons. You can freely travel there. You can clear the story of this huge world, and I believe your adventure will keep you absorbed from start to finish." "I'm a boy with a high level (In other words, I don't lack experience.) and skill, and I like to use my muscles to finish tough tasks. (If you can say that.) This is why I was a very robust Tarnished." • PLAYING FEATURES "Just in case you haven't realized it, your muscles have grown since the start of the game." "A variety of elements have been applied to strengthen the role-playing aspects of the game. First, and most importantly, the battle system has been improved. Because of this, it is now possible to imagine a battle of a very high quality. (The graphics) are also improved. You can easily feel the tension during battle." "I believe that the power of the player character is an important concept in role-playing games, but generally, the base status of character increases each time it enters the vicinity of an enemy. If that's the case, the tension of the battle is destroyed. (The game changes (the stats) to increase the level of the player character). Since I'm a noble student who is very popular, the advancement ratio for my character is approximately 50. This is due to the character's class. And I also believe that the combination of characters is important. For example, I entered a battle with a hero and a swordsman." • FEATURES OF THE GAME "You bff6bb2d33"
