You and I will go to the past. - Where exactly in the past? "At a time when you were not yet born," said the father. - I have a surprise for you. Go. Maxwell Jr. thrust his hands into his pajama pockets and narrowed his eyes at his father, who perched on the edge of the tub. "Do I have to go back in time?" "Well, of course.

Welcome Guest! The entire world springs to life in this magical world. The diverse setting affords a dizzying number of opportunities and adventures. Take on quests of all sizes, races, and classes.

From casual to hardcore, there is a game for everyone. Originally released on Dec 20, 1996, EverQuest has aged remarkably well. We've updated and re-released the game to correct a few minor compatibility issues and added a ton of new content. FEATURES Over 40 races Nine classes: warrior, rogue, priest, paladin, ranger, druid, bard, monk, and shaman Over 500 skills and spells Bag of holding, jewelry, and map, and tons of other items Over 100 dungeons, guild halls, and areas (many new) Over 200+ mob types Over 1,000 monsters (new, updated, and re-named versions of old monsters) Over 300 items (many new) Over 50 maps (new, some added back in, and re-mapped)

Over 100 ancient artifacts 10 magical artifacts 6 custom servers A lot of NPCs and quests New dungeons New monsters, items, and NPCs New vendors 10 new areas (roughly half of the entire game) You play as one of nine races, each with its own unique look and abilities. The warrior, for instance, is a strong, hard-hitting, melee combatant. The ranger, meanwhile, uses ranged attacks and wields a bow. To this end, classes such as the druid and paladin are designed to specialize in one type of combat. Classes can be combined to create hybrid classes. The nine classes are Warriors, Rogues, Priests, Paladins, Rangers, Druids, Wizards, Bards, and Shamans. Each class has its own class-specific abilities as well as a set of general abilities that can be used by all classes. All classes are distinct, and so are their abilities. This makes class-specific items and spells worthwhile.

Combining two classes gives you two abilities instead of one. This is even more likely to happen when the two classes belong to different racial lines. All the races are somewhat distinct from one another, albeit sometimes more so than others. Some are more like humans, while others seem like more exotic versions of humanoids. While the races are distinct, c6a93da74d
