Borland Delphi __EXCLUSIVE__

Borland Delphi is a Windows-based Object Pascal development environment. It was based on the earlier Borland Pascal product and adds a GUI-centric integrated development environment... Borland Delphi is a Windows-based Object Pascal development environment. It was based on the earlier Borland Pascal product and adds a GUI-based integrated development environment focused on Windows development. It also includes some features not found in Delphi 5 (such as dynamic memory allocation and keyboard input).

Borland Delphi
