This ROMS are considered rare in the real world. There are only 3,609 games for you to choose from. This is a compilation of games that are or were originally released on the original MVS games. It also contains CPS games that are released separately. The Neo Geo multi-video-system-plus-p-software(MVSPSP)is a multimedia home game system that was released in the early 1990s. The console also made use of the Neo Geo AES hardware. The MVSPSP software has about 2,500 games available. This is a compilation of games that are released on the original MVS titles. So, the Neo-Geo games are now here. But, they are considered rare. They have never been released in the UK until recently. But the service is pretty good. If you buy into it, you will find the game you want. The stories are pretty interesting and the game has a good back story. A good break from the usual PSP gameplay. Not much to say but worth downloading. But, it is never recommended to play on this console. Its just to much to handle for the new player. Hello everyone, and welcome to this MVSPSP guide. I hope you don't mind, But i wanted to share this with you. I just thought that everyone should know about this awesome system. It doesn't have many games or games to play with, But they are all pretty good. You should have fun with this. This is about as good as the NES is for the real NES games.
