
Zbrush 4r4 Request Code

I get an error when I try to download the new 4R4 update. I added my serial number sent from . Then I launched zbrush and asked for an activation code. I received the code and uploaded it as an answer. Then I launched the game and again requested an activation code. And got the code again. I entered it into zbrush and got the message: "Unable to identify activation code". When I logged out of zbrush, I logged into the game and requested the activation code again. This time I got a different question. I entered the activation code and the download went through
