Bored with rly boring Quiz apps? We have a solution for you! All about quizzes and about your score If you ever thought that quizzes were too easy, overrated and just not interesting at all, this is your lucky day! We've created a unique quiz app that will definitely get your attention. At Questia we strongly believe that quizzes are better than any other kind of apps. We also know that most apps are just that – apps and not really about anything. We try to change this, and bring a little bit of fun back to your time. This is our attempt at making a quiz that will get your attention. It's part of a series of quiz apps, and will test your knowledge about the universe. Not too easy, not too hard, but just right. This quiz app's focus is on… well, on quizzes in general. We're not bound by any specific genre, or by the boundaries of general knowledge. That is why this quiz is about the stars. Not only do we try to test your knowledge about our beautiful universe, we also try to teach you a bit about how to build your own quiz app – our quiz app is based on the popular "Word Generator" technology, so we'll get you to build your own quiz app in no time! We also provide a tutorial, so you'll get a first hand, step-by-step guide on how to build a quiz app like ours. And of course, we also include a free chapter from our book, "How to build quiz apps that people will love", so you'll be more than ready to build your own quiz app. How to set your own quiz app free The quiz app itself is free, but we've also added the "Word Generator" technology to our book. To make a quiz app with it, you need to be subscribed to the book. This will also get you the first 3 chapters for free, and after that you'll get the chapters as you read them. If you want to make a quiz that will test the most random and interesting knowledge about the universe, you should definitely check out the book. What else can we teach you? Well, this isn't all there is to know about the quiz app
