What's New In?

----- VBA Lock & Unlock is a simple and handy tool, which allows users to protect VBA projects from unauthorized access. The said mechanism is customizable and can be applied to any file (the ones affected will be locked or, hidden accordingly) and also to any particular project. This application can be used as an excellent, protection tool for any user, as well as an ideal tool for Project Managers, Developers and Administrators, for both locking as well as, hiding files. This is an ideal solution for those working on projects that contain sensitive and/or confidential information, and which need to ensure, that the information is protected from being misused. Features: -----

----- Possibility to Lock/Unlock: Standard, Passwords or Shared. Support for projects from Excel,

PowerPoint, Access and Word. Option for hiding all files that are under protection. Highly configurable, customizable, useful and offers great support. System requirements: ----- Macintosh Intel based OS X Lion 10.7.4 or later How to install/uninstall: ----- 1. Go to the downloaded folder and open the "Install VBA Lock & Unlock.app" 2. Drag the "VBA Lock & Unlock.app" to your Applications folder 3. Open the "VBA Lock & Unlock.app" and press the "Run" button 4. You will be asked for your password, enter it and press the "OK" button 5. The program will be installed successfully, and you're good to go 6. Finally, open the "VBA Lock & Unlock.app" again and select "Options" 7. Go to "Show File Manager" tab and check the box, "Hide From Windows" and press the "OK" button How to open: ----- 1. Open the "VBA Lock & Unlock.app" 2. Click on the "Options" button 3. Go to the "Show File Manager" tab and check the box, "Hide From Windows" and press the "OK" button 4. You will be asked for your password, enter it and press the "OK" button 5. The program will be installed successfully, and you're good to go Notes: ----- A copy of this app can be obtained for free by contacting the author.
